

RAY WILSON | 30 YEARS | PRESS RELEASE

In May 1994, "Stiltskin" - with "Ray Wilson" as their front man - hit number 1 in the UK chart with their debut release "Inside", which also reached top 10 across European charts.

Since then, Ray has enjoyed 30 years releasing music and touring extensively around the UK, Europe and South America.

As lead vocalist with rock legends "Genesis", Ray wrote and performed on the album "Calling All Stations", which reached number 2 in the UK and Germany in 1997.

During this time, Ray has also appeared as guest vocalist with rock supergroup "The Scorpions" for their "Moment of Glory" album, and performed live with the "Berlin Philharmonic Orchestra" for the launch of Expo 2000.

For over 20 years as a solo artist, Ray has released 15 albums and performed across Europe and South America, regularly playing over 100 concerts per year.

In 2024, Ray will join legendary guitarist "Steve Hackett" for the 2nd time at the Royal Albert Hall, and will continue to play many more sold out shows across Europe.

Ray's solo career started in 2002, with 12 sold out acoustic shows at the "Edinburgh International Festival", where he also performed songs from his debut solo album "Change" which was released in 2003. This was the beginning of a very satisfying career for Ray, keeping control of his own destiny and building his name by playing thousands of concerts and producing regular studio releases year on year.

As well as touring constantly, Ray has collaborated with incredible artists of every genre, including "Armin van Buuren", "Steve Hackett", "Turntablerocker", "RPWL", "Scorpions" and "Patrycja Markowska".

Ray's most recent album "The Weight of Man" - considered by many as his best album to date - was released in 2021, 5 years after the acclaimed "Song For A Friend" and "Makes Me Think Of Home" which were both released in 2016.
